“ I just wanted to say I am so sorry for your loss. I can only imagine how hard this is for family & friends. I wanted to share a great memory of Anthony. I had a rock band when I was about 17 and we needed a drummer to play a local school talent show. Anthony was the best drummer we had ever heard and it only took two band practices and he knew every song! After the talent show all the other bands couldn't stop talking about how great of a drummer he was! He will be missed, his great smile, that awesome laugh. He was a great friend to me!
