

Helaine Sheridan

April 10, 1949 - October 27, 2024

Helaine Melissa Sheridan, age 75, passed away on Sunday, October 27 at home in Allen, Texas. Laney was born on April 10th 1949 in Newark, New Jersey to Stanley and Sondra Newman.

Laney grew up in Plymouth Meeting, Pa. She graduated from Plymouth-Whitemarsh high school in 1966. After high school she attended West Chester University where she received her degree in Chemistry and Education. She worked for Mitsubishi Electronics as a Repair and Material manager where she met Jim installing a new computer application. This marked the beginning of their lives together.

Jim met Laney and her son Todd in 1987. Todd was age 13. They lived in Santa Monica, CA., moved to West Palm Beach, FL for a short time and finally made Allen, Texas their home for 34 years. Unfortunately and with great sorrow Todd passed away September 3, 2022.

Laney is survived by her husband Jim, sister's Shelley and Jeri, nieces Sarah and Staci and great niece Nora, Alena, Aaron, Aayla, and other loving relatives.

She was an incredibly strong and brave woman, who we all looked up to. Laney was always known for her optimistic and bubbly nature. She loved trying new things and being outdoors. Diagnosed with cancer in October 2022, although this news was horrific to hear, she was without a doubt a force to be reckoned with.

Everyone is invited to a luncheon following today's service honoring Laney's Celebration of Life.

1600 Clearbrook Dr, Allen Texas

SL

“ Laney and I became friends shortly after she moved to Plymouth Meeting in high school. Laney was outgoing and loved to dance - so much so that she and another girl performed as go-go dancers at a school dance!

When Plymouth Meeting Mall opened, Laney got a job as a salesperson, eventually becoming a manager because of her reliability and positive attitude.

Our lives diverged after high school but we reconnected eventually. I will miss Laney and her indomitable spirit!

“ Laney was a wonderful high school classmate, always so brilliant, positive and energetic. In fact, she always energized everyone who talked with her. Always full of life larger than life.
