“ Dr. Vengrow's Family -

We just heard and are deeply saddened to hear of Dr. Vengrow's passing. We contracted his services to interpret EEG's and was appreciative of his quick turnaround and preciseness. Personally, I had spoken and emailed with him several times over the past few years, and he seemed like such a nice person. May you find peace and love in the memories you had with him.

In 1967 Michael was a star player on the Newton AZA Softball team. I was honored to be the captain. We were on our way to the State Championship game with this win. Michael hit a long fly ball that resulted in a hovering which was the game clincher. Unfortunately, the umpire found that Michael mustakingly used a baseball bat raher than a softball back. Oh shucks. we were so close. A great team and great fun. Fast forward to 1969. Michael and I were floor mates at UMASS. He shared wisdom Good communication in a romantic relationship is precious! ENJOY SLUGGER HEAVEN. Michael.

“ We greatly enjoyed working with Dr. Vengrow for many years.

He was an excellent neurologist who cared deeply for his colleagues and patients and went the extra mile for them.

He was a dedicated patriot having served honorably in the Navy for many years. He loved his family very much and was so proud of them.

We were incredibly fortunate for his friendship and to have him in our lives. He will be greatly missed.

Fair winds and following seas Captain Vengrow!
