“ Sandra was my neighbor. I met her over a year ago when we were discussing our favorites Passover meals. I have been wondering what was going on as I had not seen her for a while. During the beginning of the pandemic she said if I need papergoods just ask, she had them in her car. I always asked if I could help when I saw her carrying something out. She said no I got it every single time. Although I did not know her well, I loved talking to her and have been concerned. I looked for her red car everyday, and decided to google her to try to find a number to check on her. This was not what I wanted to see. If I can help with anything, please let me know. I will miss seeing her Menorah when her blinds were open and seeing her Shing face and her red SUV. Oddly enough we had a discussion on door mezzahs and people in our complex. I am happy she put hers up. I would like for you to have my number in case I can help at her apartment or even to meet her daughter who she spoke of to me. May her memory be for a blessing. I know I will keep my memories of Sandra in my heart. Sincerely, Randi Romick
