“ I consider myself fortunate to have spent a lot of time with Shelly. Much of it was on the golf course, both working and playing golf together. I considered Shelly a great friend and a very kind, wonderful person - a true gentleman. We had many mutual acquaintances at Cinco Ranch Golf Club and everyone there loved Shelly and considered him a very special person.

Shelly very thoughtfully gave my wife, Pat, and me two of his paintings and they have been on display at my house for quite some time. They will always be cherished.

I feel fortunate to have known and spent time with Shelly and I send my deepest sympathy to his loving and very dedicated Daughter, Mila, and his entire family.
